President's Address

The fall of 1945 saw the entrance of a remarkable class into Proctor High School. The world also saw the last days of bitter World War II.

We, this day, are among the many thousands of students who are graduating from high schools all over the United States, who solemnly pledge ourselves to help in the rebirth of a new and more powerful nation, dedicated to God from whom, and only through whom this goal can be attained.

This is also the occasion of thanks; thanks to our faculty, for without them we never would have reached this point in our lives, and to our parents, whose grim determination aided us in our great task. We, therefore, dedicate this day to them.

Thomas H. Geno

Class Song

(To tune of "*Far Away Places*")

Proctor dear Proctor we're leaving you now
Friends and good times so dear.
Our memories linger as on we must go
And onward, onward, on.

Forward and forward as on life's way,
We must travel each one.
Our hopes and ambitions instilled by you
Will carry us over the way.

Although we must leave you
Dear classmates and friends
We'll miss you, keep you near.
We'll pray for the day when we'll meet once more
And friendships renew again.

Oh Proctor, dear Proctor we bid you adieu
All our classmates and friends so true
Our memories stay with us as we go on,
Farewell, Proctor High.

Ruth Evancha

Class Poem

The town clock has watched us on our way
With its strokes so sudden and strong.
It has watched us through our high school days,
Days together, which have come and gone.

We say farewell to our classmates and friends,
To our faculty, and parents who have helped us through;
For now we have come to the journey's end
Of our high school days we've spent with you.

As we board the ship of our future years,
We turn with a tear, and a sigh
To bid farewell to the days that are now
Only memories of Proctor High.

Class History

FRESHMAN YEAR

On a fine September day in 1945, a large group of very green, but proud and noisy freshmen entered Proctor High School. It was with great expectancy that we went to our first class and to our astonishment, we found it wasn't so very different from junior high.

The faculty members were Miss Hackett in the English department, Mrs. Fontaine as the Latin and French teacher, Miss Rowe as the mathematics teacher, Mrs. Walsh in the history and biology department, Miss Hall as the Home Economics teacher, Mr. Johnson in the Manual training department, Miss Edgett and Mr. Derosier as the Physical Education teachers, Miss Vogler as the music teacher, Mrs. Johnson in the commercial department, and Miss Johnson in the office. Mr. Walsh not only taught chemistry but was also our principal. Mr. Call and Miss Erlandson taught in the junior high.

Without much difficulty we chose the following class officers· Robert Frappier—president, John Ladabouche—vice president, Katherine Horvath—secretary, and Dolly Gianola—treasurer.

We were very happy to have Miss Rowe as our advisor.

The party given to the freshmen each year was both anticipated and feared. The seniors, who had lived four years for this great day, took great pleasure in scaring the life out of us. Strange to say, we all lived through it.

Though we came off with third prize in the one act-play contest, we were very glad that we participated. Our play was "Thank You, Doctor." Members of the cast were Janet Stevens, Katherine Horvath, Tom Geno, Louis King, and Robert Richardson.

SOPHOMORE YEAR

In '46 we entered our sophomore year. We no longer were the youngest class, but could watch the freshmen and laugh at their mistakes. We gladly helped out with the decorations for the Freshman Reception.

We welcome Mr. Parry, our new principal, who replaced Mr. Walsh. Miss Wingett had replaced Miss Vogler in the music department; Mr. Hirtle took over in the manual training room, Miss McGillicuddy taught biology, and Mr. Vassar took Mrs. Walsh's place in history.

We started our class duties by electing Tom Geno, president; Dolly Gianola, vice president; Katherine Horvath, secretary; and Ted Parker, treasurer. We reelected Miss Rowe for our advisor.

Stanley Nilsson, a former classmate, from Watertown, Massachusetts, rejoined our class. However, we had lost Edward Bowman, Roland Carlton, and Jeanine LaVictorie.

Our one-act play, "Two Crooks and a Lady," received second prize and Katherine Horvath, Tom Geno, and Shirley Pulsipher did very well in the leading roles. The raffling of a ton of coal and a turkey helped our treasury. Our Sophomore Hop was a great success socially; financially "we went in the hole."

Members of the football squad this year from our class were Bob Richardson, Jack Ladabouche, and Larry LaFrance. We rated third in the league.

The basketball team did much better and we boasted one member on the varsity, Jack Ladabouche. We won the Marble Valley League but we were sorry to lose to West Rutland in a very close game at Barre.

We were also successful in baseball, winning our section of the Marble Valley, but afterwards losing to M. S. J. in the playoff. Bart Reissig was on the first team and Jack Ladabouche also played.

JUNIOR YEAR

Upon returning to school in the fall of 1947, we were greeted by three new teachers. Miss Shanney replaced Miss Hall in the home economics department, Mr. Holbrook took Mr. Hirtle's place in the shop classes and Miss Kemp, Miss Edgett's place in girls' physical education.

For our class officers this year we elected Thomas Geno as president, Robert Frappier as vice president, Katherine Horvath as secretary, and Theodore Parker as treasurer.

Five juniors played football: Bill Visi, Colin Fay, Larry LaFrance, Jack Ladabouche, and Bob Richardson. The following juniors were out for basketball: Jack Ladabouche, Bob Richardson, Larry LaFrance, and Alex Varga. Ted Parker was the manager. The team had a very good season taking the Marble Valley League Championship and being only narrowly defeated by West Rutland in the Southern Vermont Tourney. We defeated Waterbury in the consolation game, however.

Our first venture for money this year was a Military Whist Party the class gave in October. This was a good start toward a successful financial year.

The junior class held two big dances of different types during the year, each of which was a big success. The first was the "Leap Year Dance" held in February. The girls asked the boys. All were dressed in old clothes and danced both rounds and squares to Burns Martin's Orchestra. Our formal dance this year was the Junior Prom. Larry Coutermarsh furnished the music.

Another big financial gain was the Prize Plays. We took first prize with "The Ghost of a Show" in Proctor, and second prize in the district contest in Middlebury.

Barton Reissig and Robert Richardson were chosen delegates to Boys' State and Katherine Horvath, delegate for Girls' State.

The marshalls for graduation this year were Estelle Anderson and Alex Varga.

It was near the end of our junior year that Miss Rowe, who had been our advisor for three years, and Miss Wingett, the music teacher left P. H. S. and Mrs. Johnson and Mrs. Geno took their places respectively.

Thus another happy year in high school drew to a close, and we looked toward an even better senior year.

SENIOR YEAR

Back again in the fall of '48 we were greeted by five new teachers. Miss Erway, who took over the music department; Miss Towne, in Miss McGillicuddy's place in the junior high; Mr. Williams, who replaced Mr. Vassar in history; Mr. O'Horo, who took over the shop classes of Mr. Holbrook, Miss Gay was our new Mathematics teacher, and Mr. Brokaw in Mr. Derosier's place in physical education.

Those elected to the student council this year were Barton Reissig, president; Dolly Gianola and Robert Richardson, representatives.

For class officers we reelected Thomas Geno as president, Jack Ladabouche as vice president, Katherine Horvath as secretary, and Ted Parker as treasurer. Miss Shanney was elected as class advisor. Barbara Gates moved to Chicago during the summer.

About four weeks after school started, we found the freshmen at hand for the reception. It was conducted in the usual manner of all freshman receptions.

"January Thaw," the senior play directed by Miss Hackett, was produced with perfection in December.

Other activities which helped build up our treasury were as follows: Sadie Hawkins Dance, very similar to Leap Year Dance; Senior Ball, held in December during the Christmas vacation; sale of Christmas trees, Father and Son Basketball game in February, and the Community Supper and Variety Show in March which was a great success.

This year our basketball team went to play in the "C" tournament at Burlington. Defeating their first two opponents, they came out with the runner-up trophy.

Katherine Horvath was elected D. A. R. girl of the class of '49.

Our class trip came in April. A four-day tour of New York was the result of four years of hard work. It was worth it.

Thus we end our high school days; days we will never forget!

Advice To Juniors

Dorothy Dutelle—We advise you to take chemistry next year. It's easier than physics.

Marilyn Duprey and Georgia Anderson—We advise you two to keep your faithfulness to the U. S. Navy.

Marilyn Phillips—Keep up the morale of a certain sophomore boy.

Henry Loyzelle—We advise you to take acting lessons from Tom Geno so that you may take the lead in next year's senior play.

Ralph Santoro—Take special lessons from Larry Killick to carry you through high school basketball.

Axel Anderson—We believe you should get a car. It's a long walk from Powers Hill to Patch Hill.

George Anderson—Keep up your good cooking in home economics. You may become a chef.

Roy Peterson—We advise you to take over Bill's job, but make it a better one.

Robert Parker—We advise you to find another "flame" in P. H. S.

Jane Aronson—Ask Sophie Livak for some of her talking ability. It comes in handy.

Louise Marfuggi—We advise you to try out for a job in the Philharmonic Orchestra.

Virginia Loso—Keep up the good work as head cheerleader.

Sheila Fay—Why not play football and basketball next year with the boys. We'd be sure to get into the tournament.

Rita Johnson—Keep playing the violin in assembly for a certain junior classmate.

June Baron—We advise you to keep up your affection for your classmates.

Jean Valach—Keep up that school spirit at the games next year.

Mary Buggiani—You had better borrow some of Bob Frappier's pep.

Ruth Peterson—Keep up your good work in "Home Ec." You'll make a good housewife for someone.

Hal Drumheller—We advise Hal to obtain a racer, it will go much faster than the *car*.

Leah Kapitan—We advise Leah to grab a male friend. Try the Sadie Hawkins Dance.

Theresa Vigneau—In order to keep your hair combed throughout the day, we advise you to get a mirror and comb to carry in all classes.

Eugene Monahan—Keep up your shooting ability at the rifle range.

Paul Brown—We advise you to move up to King's Row.

Class Grumble

Most all our grumbles have been brought up at the student council meetings; however the following have not:

1. Chair lift on all hills leading up to the school.
2. Mr. Parry have jobs lined up for seniors paying not less than $10,000 a year.
3. Pin ball machines or other such devices in shop for future students.
4. Garages for students' and teachers' cars.
5. Wider and deeper stage so students can put on plays at the school.
6. Roof connecting the two buildings so students won't get wet or catch cold in bad weather.
7. Have private rooms with desks for "steadies."
8. Convert some of the extra space in the furnace room to a smoking room.
9. Gum machines instead of pencil sharpeners.
10. Love benches in place of study hall chairs.
11. Soda Fountain installed in Home Economics Department.

PERSONALIZED PORTRAITS

and it's all done with

LIGHTS!

There's magic in lights . . . add a light here, place a spot-light there, and your portrait takes on the appearance of real form and individuality.

Your Vantine photographer knows how lighting effects can be best used . . . How easily they can reflect your personality.

Your Vantine photographer knows best how to secure the sharply etched photograph your engraver desires of the important senior year. . . The victories of the athletic teams. . . . The brilliance of social occasions . . . The Prom . . . The plays . . . The debates . . . The expression of everyday life on the campus.

That personalized portraits by Vantine are important is attested to by the fact that over 300 schools and colleges repeatedly entrust their photographic work to Vantine.
